

Mrs. Hicks Relieved By Four Eatonics

"I have taken four Eatonic tablets and they relieved me of my stomach. I recommend it to everybody," says Mrs. G. P. Hicks.

If stomach is not digesting your food; if you have sourness, bloating, flatulence, indigestion or acid stomach, Eatonics will remove the cause by taking up and carrying out the acid and gases, bringing quick relief and healthy digestion. Why suffer stomach trouble? Why not keep your digestion normal and enjoy good health? An Eatonic taken after each meal will prevent discomfort and pain.

Make the test today and see how quickly this wonderful remedy acts. It comes in handy tablet form. Carry it with you. A big box costs only a little with your druggist's guarantee.

FAMOUS AUSTRIAN SURGEON GIVES "GRATITUDE" CLINIC

New York, Nov. 25.—Miles ago polio-nosis and its attendant horrors were Dr. Adolf Reiss, famous Austrian orthopedic surgeon, on the steps and in the halls of the hospital for joint diseases today, that he said he had almost decided to devote the remainder of his days to alleviating the sufferings of America's cripples.

Dr. Reiss said at the end of his first "gratitude" clinic that he never had seen a land so sorely in need of relief from spinal and other troubles superinduced by infantile paralysis.

His observations so far, he declared, led him to believe that there were "ten or fifteen times as many such sufferers in the United States as in any other country in the world."

After working the mad for more than five hours, Dr. Reiss had seen 135 cripples—scarcely one-tenth of the supplicants for aid who crowded the hospital and the streets outside, coming on crutches, in wheel chairs, and some of the more fortunate—in automobiles.

And during those busy five hours, he said afterward, he had advised enough operations to keep one surgeon busy for six months.

Police reserves had to be called to handle the eager, hopeful crowds outside, while nurses and internes were kept busy within, maintaining some semblance of order among those who had gained admittance.

Iron From Rust

It is oxide of iron that gives to your blood its color. If your blood contained no iron, all men and women would look like ghosts.

Nowhere in nature is iron found in a native or pure state. It occurs only in the form of oxides—that is to say iron rust. Man's greatest triumph was achieved when he discovered how to "undo" rust and get the iron out of it. But for that, our civilization today would be no further advanced than that of ancient Egypt or Assyria.

Edwin E. Slosson, in his remarkable new book "Creative Chemistry," says that every year the blast furnaces of the world release 75,000,000 tons of iron from its oxides; and every year one-fourth of that quantity reverts to rust. Should man cease his efforts in this direction for a generation there would be little left to show that he had ever learned to extract iron from his ores.

Modesty is a virtue that many people would blush to own.

The Foot Relief Man

Is Here Saturday

You will then have the opportunity to get complete relief from painful callouses, unsightly run-over heels, weak or broken arches and other foot troubles. A noted foot expert from Boston, an expert in diagnosing and relieving feet trouble scientifically, positively and permanently, will be in our store today.

SHU-FIX

Franklin Square

OPEN EACH NIGHT AND SUNDAY

T.N.M. TATHROP

NEW LONDON

NASH—1921, 5-passenger car; driven less than 3,000 miles. This car has several extras and is exceptional buy for some one desiring new car.

STUDEBAKER—1920, Special 6, 5-passenger model, taken in trade for closed car. This car has only been driven 8500 miles, and is in wonderful condition. Spare tire included in selling price. Brand New Paint.

FRANKLIN ROADSTER—Nine B series, 4-passenger Roadster. Top, paint and upholstery A-1. Mechanical condition of this car is excellent. Automatic wind-shield cleaner, spare tire and bumpers included in selling price.
